**THE FOURTH INTERNATIONAL SYMPOSIUM ON
EMERGENT & REMERGENT VIRAL PATHOGENS**

THEME

Viruses AND CANCERS

Symposium Venue: Faculty of Sciences and Techniques Mohammedia

Dates: November, 23th, 24th and 25th, 2023

PRELIMINARY ANNOUNCEMENT

SYMPOSIUM OBJECTIVES

- To overview and update the scientific research progress in the field of virology in particular oncoviruses and cancers.
- To promote the exchange of experiences and knowledge between national and international scientists and practitioners in the field of virology and cancers.
- To inform and disseminate recommendations to the stakeholders, decision makers, private sector companies and health care workers on the importance of virology in the development of cancers, human health, new tools of viral prevention, diagnosis, vaccination, therapy and recent advances in research and biotechnology.
